

TRANSPORTATION ADVISORY  
COMMITTEE AGENDA

# SCMPO

DATE:	March 4, 2014	TIME:	2:00 PM
PLACE:	510 E Florence Blvd., Casa Grande City Hall - Council Chambers		
	520-366-6083 Sharon's Cell or 480-600-2091 Duane's Cell		
TAC MEMBERS	Susanna Struble, Coolidge - Chair Duane Eitel, Casa Grande Harvey Krauss, Eloy	Doug Hansen, Pinal County Charla Glendening, ADOT Rod Lane, ADOT DE Ed Stillings, FHWA	
<b>Shaded items are action items: Action may be taken on any item on the agenda, or items brought up at the meeting.</b>			
ITEM	AGENDA ITEM	PRESENTER	PAGE
1	Call to order and Introductions		
2	Approval of Minutes of January 30	Susanna	
3	MPO Update ● Letter of Support - Resolution supporting further study of the I-11 So. AZ Connectivity - JPAC - PAG. ● MPO start up and budget - Work Program 2014 & 15	Sharon	
4	RTAC Update	Kevin Adam	1
5	ADOT Planner Report	Charla	
6	FHWA Report	Ed Stillings	
7	Transit update 5310 Application process started Feb 24th 5311 Application process	Susanna / Sharon	2
8	PARA Applications Due Date is March 10th Transit Implementation PARA ● Or use 5303 funds for study?	Sharon/Charla	
9	HPMS Data Entry for 2014 and 2015 Discussion 2013 HPMS report and Fictional Classification - Maps	Sharon	3-13
10	TIP - Update and development ● 2014 and 2015 STP funding ** New Projects - Lending/borrowing ** LRTP - Use STP? ● 2014 and 2015 HSIP	See STP and HSIP Ledgers	14-32
11	Discussion and Approval of STP and HSIP projects for 2014	Susanna	
12	By-Laws - Discussion TABLE?	Sharon	
13	District Engineer Report  Local Government project Report; Casa Grande, Coolidge, Eloy,	Rod Lane  Members	
14	Announcements and other items to discuss: ● AzTA Conference - April 13-15 - Tucson ● Reports, updates, comments from anyone	Susanna	
15	Next Meeting Date and possible new location		
16	Adjourn		

---

## RESOLUTION NO. 2014-1

### **Resolution of the Sun Corridor MPO supporting further study of the Southern Arizona Connectivity Segment's Alternative C through eastern Pima County as identified as part of the I-11 and Intermountain West Corridor Study**

#### Recitals

Whereas:

- A. Two interstate highways pass through Pima County – Interstate 19 (I-19) and Interstate 10 (I-10) – which connect communities within and outside of the region and the state of Arizona. Moreover, both of these facilities include segments of the CANAMEX Corridor, which is a federally designated high priority corridor of the National Highway System (P.L. 102-240 Section 1105, as amended), connecting Mexico, the United States, and Canada.
- B. Current Arizona Department of Transportation (ADOT) plans for I-10 and I-19 in Pima County show the ultimate, future roadway configuration. While some segments have already been widened, ADOT may build out additional capacity on those roadways.
- C. The most recently enacted federal surface transportation funding legislation, Moving Ahead for Progress in the 21<sup>st</sup> Century Act (MAP-21), amended the CANAMEX Corridor by adding the interstate I-11 (I-11) designation to U.S. Route 93 from the vicinity of Phoenix to Las Vegas.
- D. ADOT and the Nevada Department of Transportation (NDOT) are jointly conducting a transportation planning study called the I-11 and Intermountain West Corridor Study (hereinafter “I-11 Study”), which was initiated in 2012 and is scheduled for completion in mid-2014.
- E. According to the I-11 Study’s “Corridor Vision Summary” from October 2012, “The Intermountain West is confronted with a rapidly growing population, expanding global trade, and aging transportation infrastructure that is reaching capacity.” The document also states that, “If extended north of Las Vegas and south of Phoenix, this corridor has the potential to become a major multimodal north-south transcontinental corridor through the Intermountain West. The Corridor would connect major cities, existing and future trade hubs, existing and future domestic and international deep-water ports, intersecting Interstate highways, and railroads.”
- F. The current I-11 Study involves two levels of effort. Detailed alternatives analysis is being conducted for the segment between Phoenix and Las Vegas, while high level visioning is

being conducted for the Southern Arizona Connectivity Segment from Phoenix to the Arizona/Mexico border.

- G. For the universe of potential alternatives identified for the Southern Arizona Connectivity Segment of the I-11 Study, an October 2013 technical memorandum was developed, entitled “Draft Level 1 Evaluation Results Summary.” This document recommends only one of the Southern Arizona Connectivity Segment alternatives for future analysis, which is Alternative C. This alternative travels through the Tucson region to connect to Mexico at Nogales. The opportunities for this alternative identified through this evaluation include connecting major freight and economic activity centers within Arizona and Mexico throughout the entire corridor. It also references the capacity of land ports of entry in Nogales to accommodate major passenger and freight traffic.
- H. Federal guidance for MPO planning includes activities that increase the accessibility and mobility of people and freight. It also includes projects and strategies to “support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency” (23 USC 134(h)).

### **Resolution**

Therefore, be it resolved that:

1. The SCMPO Executive Board understands that the I-11 and Intermountain West Corridor is an important surface transportation facility for trade, economic development, economic expansion, and mobility.
2. The SCMPO Executive Board supports the draft recommendation for the Southern Arizona Connectivity Segment calling for further study of Alternative C through eastern Pima County. Such further study should integrate efforts with those of the Phoenix to Las Vegas segment, resulting in a contiguous corridor from Arizona’s southern border with Mexico to the state’s northern border with Nevada. The comprehensive, statewide corridor plan could then be advanced as part of a federal funding request.
3. The SCMPO Executive Board understands that detailed analysis of the Southern Arizona Connectivity Segment’s Alternative C must involve examining a range of feasible alternatives as required by the Federal Highway Administration’s National Environmental Policy Act compliance regulations, guidelines, and policies.
4. The SCMPO Executive Board clarifies that this resolution only supports further study of Alternative C and, therefore, no support for any particular alignment is explicit or implied. Additionally, no regional transportation infrastructure project funding or programming priorities are implied based upon this resolution.

## RTAC TRANSPORTATION UPDATE

**February 11, 2014**  
**2014 Legislative Update #5**

***PUSH TO END THE HURF RAIDS CONTINUES:*** Local governments from across Arizona are passing resolutions expressing their support for ending the HURF transfers this year. Legislative leadership and rank and file members continue to declare ending the transfers as a top priority for the current session. While the Governor's budget proposal maintains the transfers at last year's \$127 million level, she has indicated that infrastructure investment is a priority and when discussing her budget proposal at a press conference, her budget director indicated that the transfers should eventually end.

The support from lawmakers to end the raids clearly exists. The question of whether it is actually realized this year will come down to the amount of capacity within the budget to make funding shifts and how HURF ranks among other priorities in utilizing that capacity. To that end, please continue to communicate with Legislators and the Governor the need to end the HURF transfers. Talking points on the HURF raids and an updated state transportation bill matrix are attached.

**2014 - 2024**

## RUNNING TAB ON STP AND HSIP PROJECTS

For internal purposes only: Not submitted with TIP to ADOT or FHWA

Loan Payback = LP	Loans Paid Back	Pay back borrowed funds = PB
Loan to = LT	Loans to COG/MPO or ADOT	
Roll Over - RO	Any roll over's	
Borrow = B	Funds we borrow from COG/MPO or ADOT	

Loans

See ledgers

**NOTE: ALL PROJECTS REGARDLESS OF FUNDING TYPE,  
MUST BE READY TO OBLIGATE NO LATER THAN MAY 1ST EACH YEAR!**

TAC Approved	TIP Updates and changes made:	RC Approved	ADOT Approved	FHWA Approved

Phased means: Construction, ROW and Design - if phased over multiple years. NOT phase of the project.

## RUNNING TAB ON STP AND HSIP PROJECTS

For internal purposes only: Not submitted with TIP to ADOT or FHWA

Loan Payback = LP	Loans Paid Back	Pay back borrowed funds = PB
Loan to = LT	Loans to COG/MPO or ADOT	
Roll Over - RO	Any roll over's	
Borrow = B	Funds we borrow from COG/MPO or ADOT	

Loans

See ledgers

**NOTE: ALL PROJECTS REGARDLESS OF FUNDING TYPE,  
MUST BE READY TO OBLIGATE NO LATER THAN MAY 1ST EACH YEAR!**

TAC Approved	TIP Updates and changes made:	RC Approved	ADOT Approved	FHWA Approved

Phased means: Construction, ROW and Design - if phased over multiple years. NOT phase of the project.
