

PAG TIP

- None.

YMPO TIP

Since YMPO continues to use the FY 2014-2018 TIP, two comments from the previous planning finding are carried forward to this planning finding.

- 23 CFR 450.332 requires that an annual listing of obligated projects from the previous year be published. The easiest way to meet this requirement is to include it in the TIP.
- 23 CFR 450.324 requires that the TIP shall include financial information to adequately operate and maintain Federal-aid highways and public transportation. The TIP contains FY 2014 information only. Since YMPO doesn't update the TIP annually, this information should be provided for each of the four years in the TIP.

New MPOs

- SCMPO, LHMPO and SVMPO should have adopted Long Range Transportation Plans and TIPs in place by March 2016. Each of these MPOs should be taking steps to ensure they can meet this date.

2015-2018 STIP Approval and Planning Finding

Accordingly, the FHWA and the FTA, based on the State DOT and MPO(s) self-certifications of their statewide and metropolitan transportation planning processes, review of self-certification supporting documentation, Federal certification of Transportation Management Areas within the State, and our involvement in the State and MPO transportation planning processes, hereby approve the 2015-2018 STIP and find that the 2015-2018 STIP is based on a transportation planning process that substantially meets the requirements of 23 U.S.C. Sections 134 and 135, 49 U.S.C. Sections 5303-5305, and 23 CFR 450. Our Planning Finding includes the entire State of Arizona.

As usual, individual project approvals will require a separate action by the FHWA or FTA and the projects will need to satisfy all program requirements at that time of authorization.

Sincerely yours,

Leslie T. Rogers

Sun Corridor Metropolitan Planning Organization
Conformity Finding

Mr. Dennis Smith, Executive Director

Ms. Sharon Mitchell, Director
Sun Corridor Metropolitan Planning Organization

Dear Mr. Smith and Ms. Mitchell:

In accordance with the Clean Air Act Amendments of 1990, a conformity finding of the transportation plans and programs in a non-attainment area is required of the U.S. Department of Transportation. Based on our evaluation of the Maricopa Association of Governments (MAG) and Sun Corridor Metropolitan Planning Organization (SCMPO) Metropolitan Planning Organizations (MPOs) finding of conformity and related documentation submitted in your June 23, 2015 and June 24, 2015 letters, in coordination with the Environmental Protection Agency (EPA), the MPOs and the State Department of Transportation, the Federal Highway Administration and Federal Transit Administration have determined that the Phoenix, Arizona and the Casa Grande, Arizona urbanized areas have met the requirements of the EPA Transportation Conformity Rule (40 CFR Parts 51 and 93). This includes the West Pinal PM-10 and West Central Pinal PM-2.5 non-attainment areas, portions of which are located in each of the respective MPO Planning Area Boundaries as well as the Maricopa non-attainment and maintenance areas.

A Finding of Conformity is hereby made with respect to the subject amended FY2014-2018 Transportation Improvement Program (TIP) and 2035 Regional Transportation Plan as approved by MAG Regional Council on June 24, 2015 and the Listing of Transportation Projects as approved by the SCMPO Executive Board on June 16, 2015. A Finding of Conformity was made previously on the MAG Updated Regional Transportation Plan and Amended FY 2014-2018 TIP on August 7, 2014. The initial conformity finding for the SCMPO since their formal

designation as an MPO on their Listing of Transportation Projects was made on February 12, 2014.

This conformity determination is in effect until such time as a new determination is required either by new regulatory requirements, major revision of transportation plans, or a State Implementation Plan (SIP) revision.

Sincerely,

Re: **Revised** FY2016 – 2025 Sun Corridor MPO Listing of Transportation Projects

Dear Charla:

ADOT MPD conducted a review of the FY2016 – 2025 Sun Corridor MPO Listing of Transportation Projects submittal and provided a list of suggested revisions based on the comparison of the FY 2016 – 2025 Sun Corridor MPO Listing of Transportation Projects submittal and the ADOT E-STIP. I have reconciled the differences between the project information in the E-STIP and the submitted Listing of Transportation Projects.

Please find attached a revised copy of the FY2016 – 2025 Sun Corridor MPO Listing of Transportation Projects.

It is my understanding that an amendment is not needed because the Draft Fiscal Year 2016 - 2020 ADOT State Transportation Improvement Program (STIP) is out for public review and comment and all recommended changes will be reflected in the Draft Fiscal Year 2016 - 2020 ADOT State Transportation Improvement Program (STIP).

Project changes are highlighted in “yellow” fill and marked in “red” on the Project Listing of Transportation Projects.

Should you have any questions or corrections, please feel free to give me a call.
