November 22, 2024

Ms. Irene Higgs Executive Director Sun Corridor Metropolitan Planning Organization 211 North Florence Street Suite 103 Casa Grande, AZ 85122

Subject: Revised 2025 Pavement Target

Dear Ms. Higgs,

In 2022, the Arizona Department of Transportation (ADOT) established performance targets for the 2022-2025 performance period as required by the federal legislation Moving Ahead for Progress in the 21<sup>st</sup> Century Act of 2012 (MAP-21). These targets are summarized below:

- Percent of National Highway System (NHS) Bridges classified in good condition based on deck area: 2- and 4-year target 52%
- Percent of NHS Bridges classified in poor condition based on deck area: 2- and 4-year target - 4%
- Percent of Interstate Pavements in Poor condition: 2- and 4-year target 2%
- Percent of non-Interstate NHS pavements in Poor condition: 2- and 4-year target 6%
- Percent of Interstate Pavements in Good Condition: 2- and 4-year target 44%
- Percent of non-Interstate NHS Pavements in Good Condition: 2- and 4-year target -28%
- Percent of person-miles that have reliable travel times on the Interstate: 2 year 81%;
   4 year 71%
- Percent of person-miles that have reliable travel times on the non-Interstate NHS: 2 year 84%; 4 year 77%
- Freight Reliability on the Interstate (Truck Travel Time Reliability Index): 2 year -1.37;
   4 year 1.48
- Congestion Mitigation & Air Quality (CMAQ) Emissions Reductions (Kilograms per day):
  - Volatile Organic Compounds 2 year 222.950; 4 year 343.669
  - Carbon Monoxide 2 year 5027.922; 4 year 8120.895
  - Nitrogen Oxides 2 year 393.892; 4-year 572.136
  - Particulate Matter (< 10 microns) 2 year 965.365; 4 year 1817.637
  - Particulate Matter (< 2.5 microns) 2 year 0.000; 4 year 3.467

ADOT recently submitted a federally-required mid-period performance report regarding progress on our targets for this period. ADOT exceeded the poor condition targets of 2.0% for Interstate pavements and 6.0% for non-Interstate NHS pavements. The actual poor condition values for 2023 were 2.3% for Interstate pavements and 6.1% for non-Interstate NHS. The MAP-21 regulations allow DOTs to update their targets at the mid-period and ADOT has decided to revise the poor pavement condition targets for the Interstates and the non-Interstate NHS to 4.5% and 10% respectively.

Metropolitan Planning Organizations (MPO) have the option of supporting the State targets or of establishing their own targets within 180 days of State target establishment. On September 11, 2018, the Sun Corridor MPO sent a letter to ADOT stating that the Executive Board voted to support and adopt the performance targets in perpetuity or until the MPO should deem it necessary to establish and adopt their own targets. This letter is a notification of ADOT's revised poor condition pavement targets.. Should Sun Corridor MPO decide to develop their own targets in place of the revised ones, please notify ADOT within 180 days of the effective date.

Please email or post the letter to:

State Highway-Rail Grade Crossing Action Plan
SHRAP Overview
<ul> <li>What is a SHRAP? Plan for how best to improve safety at ~700 public highway-railroad crossings in Arizona</li> </ul>
• Why develop a SHRAP?
<ul> <li>Safety is a top priority for ADOT</li> </ul>
<ul> <li>Intentional planning can bring about effective safety improvements</li> </ul>
<ul> <li>Provide recommendations for future programming of rail</li> </ul>
crossing safety improvements
<ul> <li>Federal requirement for all states to have a SHRAP</li> </ul>

State Highway-Rail Grade Crossing Action Plan
SHRAP Goal and Objectives
<ul> <li>Goal: Improve safety at public crossings where railroads interact with motor vehicles and other modes of transportation</li> </ul>
Objectives:         • Reduce number and rate of incidents at passive and active         •
<ul> <li>Reduce number and rate of crossing incidents involving all modes</li> </ul>
<ul> <li>of transportation</li> <li>Reduce number and rate of incidents, injuries, and fatalities</li> </ul>
<ul> <li>Reduce severity of incidents at locations with reoccurring incidents</li> </ul>

State Highway-Rail Grade Crossing Action Plan
SHRAP Scope
<ul> <li>Analysis of relevant highway-rail crossing data</li> </ul>
<ul> <li>Identification of trends and high-risk crossings</li> </ul>
<ul> <li>Coordination with stakeholders</li> </ul>
<ul> <li>Prioritization of specific crossings with treatment recommendations</li> </ul>
<ul> <li>Compilation of methodologies, findings, and recommendations into an Action Plan</li> </ul>
<ul> <li>SHRAP funded by ADOT Multimodal Planning Division (MPD)</li> </ul>

State Highway-Rail Grade Crossing Action Plan
Pedestrian Safety at Railroad Crossings
<ul> <li>Pedestrians are trespassing and pose a safety risk if they:</li> <li>Walk along railroad tracks</li> </ul>
<ul> <li>Cross railroad tracks away from a designated crossing</li> <li>Cross railroad tracks at a designated crossing when gate arms are down</li> </ul>
<ul> <li>Trains cannot stop quickly enough for pedestrians on tracks</li> <li>Drugs or alcohol can impair judgment of pedestrians at</li> </ul>
<ul> <li>railroad crossings</li> <li>14 of the 19 fatalities in 2016-2020 were pedestrians and 1 was a bicyclist, all of whom were trespassing</li> </ul>

State Highway-Rail Grade Crossing Action Plan	
ADOT Utility and Railroad Engineering (URR)	URR)
<ul> <li>Liaison between ADOT and railroad companies</li> <li>Manages the Federal Highway-Railroad Grade Crossing Safety Program (Section 130) in AZ</li> </ul>	ossing
<ul> <li>Manages Statewide Railroad Crossing Inventory</li> </ul>	

# Typical Section 130 Projects

- Install concrete crossing surface
- Install train activated lights/gates
- Install crossing-related sidewalks
- Crossing-related signing and striping updates
- Signal preemption updates
- Close a crossing

Section 130 Project Development
<ul> <li>Projects selected and managed by URR</li> <li>Onsite diagnostic meetings and contract preparation</li> </ul>
(
<ul> <li>URR responsible for agreements with local agencies and railroad companies and for FHWA authorization and ACC approval</li> </ul>
<ul> <li>Local public agency work (approaches, medians, sidewalks, etc.)</li> <li>Certification Acceptance (CA) – Local agency follows their CA</li> </ul>
<ul> <li>URR requests all authorizations and obtains railroad agreement</li> <li>Non-CA: ADOT Local Government administers design and construction</li> </ul>

State Highway-Rail Grade Crossing Action Plan

# Section 130 Project Example

# 35<sup>th</sup> Ave/Harrison St, Phoenix

- Improved safety conditions
- Updated existing railroad equipment
- Added raised center medians for gates
- UPRR work
- Install gates, cantilevers, and flashing lights
  - City of Phoenix Work
- Install center medians, sidewalks, ramps, signing, and striping
- 3-year project duration
- \$1.0 million cost mostly covered by Section 130 funds; City covered the rest

# State Highway-Rail Grade Crossing Action Plan

# Section 130 Project Example

# Navajo Blvd/SR 77, Holbrook

- Upgrade failing concrete surface
   Panels lifted and bouncing, bolts broken
  - Construction by BNSF
- Install continuous concrete surface
- Install geogrid and underdrain below tracks
  - Required complete closure for 3 days
- Extensive notification coordination
- 6-month duration (emergency request)
- \$1.1 million cost split between BNSF and Section 130

Subject: ADOT MPD Report

**1. FY25-29 Five Year Construction Program:** Projects have been reviewed and determined for priority ranking in the P2P for FY 26-30 P2P cycle. PLS meetings will be moving forward in November before establishing the tentative program.

**2. TA Program:** The two Safe Routes to School Studies for Case Grande and Coolidge are being administered by Sun Corridor. The NTP will be given to the consultant for the Casa Grande Study in mid\_November, and the consultant was selected for the Coolidge study and finalizing the contract with an anticipated NTP soon after. Please continue to visit the program website for needed information:

https://activetransportation.az.gov/transportation-alternatives-program

**3.** Off System Bridge Program (OSB): The call for projects was released for SFY 26. There will continue to be two separate funding programs available for use on off-system bridge projects, the STBG program with 5.7% percent match and the Bridge Formula Program which is 100% federally funded. Applications will be due to ADOT LPA 12/30, with application reviewed in January, and eligibility determined in February. The Purpose of the Off-System Bridge Program is to fund the Design and/or Construction for replacement, rehabilitation, preservation and protection of roadway bridges over waterways, other topographical barriers, other roadways, railroads, canals, ferry landings, etc. on bridges that are not on the Federal-aid highway system (local roads or rural minor collectors).

**4. ADOT SMART Program:** Updates were done to the Request for Grant Application and Agreement (RFGAA). Comments were accepted from stakeholders and changes were implemented and approved recently by the STB. The next year will be a pilot program of the new SMART program with applications accepted 11/1, which will tentatively go to the PPAC and the Board in January. Questions should go to azsmart@azdot.gov https://azdot.gov/planning/grant-coordination/az-smart-fund.

**5. Federal Discretionary Grants:** Please continue to visit USDOT's website or the ADOT grant coordination page <u>https://azdot.gov/planning/adot-grant-coordination-group</u> for the NOFOs and deadlines.

Status of ADOT studies:

**1. 287/87 SR Corridor Profile Study:** The project had its kickoff with the TAC on 9/24. Tribal outreach was conducted to GRIC and other tribes in the area. The study is in the early stages of gathering existing information and analyzing current performance data. The

consultant is collecting information from cooperating agencies and the next major meetings to occur will be with South Central District and the next TAC meeting in early December.

**2. Passenger Rail Study:** Step 1 of the FRA approved study process is continuing into next year with developing the scope and budget. FRA approved of the Project Management Plan and is currently reviewing the gap analysis for scoping. This Step 1 process is looking to complete in April of 2025, with then moving into Step 2 of the study.

**3. N/S Corridor Tier 2 Study:** The kickoff occurred in September, is coordinating with the passenger rail and SR 287/87 studies, has initiated its public involvement plan, is initiating right-of-entry permitting and aerial mapping efforts, and will continue to have bi-weekly core team meetings. Please visit the project website for any other needed information. https://azdot.gov/planning/transportation-studies/north-south-corridor-study-proposed-new-transportation-route-pinal

**4. Other studies** are also occurring including freight, a State Highway-Rail Grade Crossing Action Plan, and numerous transportation alternative studies.

# 1. PRTA and Regional Transportation Plan Development Updates:

- PRTA Staff recommends and TTAC Approved at their Oct. 29 meeting, <u>a suspension of</u> <u>developing a new Regional Transportation Plan.</u>
- Suspension of the RTP is based on the lack of revenues to cover the costs for implementing the region's priority projects.
- Bond financing was considered to lessen the need for non-PRTA funds, but the costs for bond financing need to be covered by lower than anticipated revenues for the 20-year program creating a funding gap from non-PRTA revenues ranging from \$105m to \$174m.
- TTAC also forwarded comments to the PRTA Board about the <u>option to develop a long-range</u> <u>transportation framework study</u> identifying the needs of the region over potentially a 50-year (or longer) timeline.
- The consensus of the TTAC was favorable to consider moving forward on a long-range study at some point in the future, led by the region's stakeholders. Members expressed support to identify the aggregate needs of the entire county and its critical connected sub-regions with key regional transportation and economic corridors.
- Members of the TTAC expressed interest on determining funding to develop a long-range framework study, recognizing the costs could be substantial (\$500k to \$1m, depending on elements included in the plan).
- Additionally, TTAC commented on the timing to begin a framework study as recommended by staff in the fall of 2025.
- Further discussion also included the need for regional collaboration and who would be the primary lead agencies in developing the study. It was noted the PRTA does not currently have the legal authority to do such a plan as their statutory authority is limited to developing an RTP, identifying funding, and implementing the plan.
- Action on a long-range framework study would likely take place among Sun Corridor, CAG, MAG, the County and the cities and towns.
- If the Board approves the TTAC recommendation to suspend the RTP efforts, then the PRTA would also suspend its activities after the Nov. 12 Board meeting. There are no future TTAC meetings scheduled.
- 2. PRTA Board Meeting on Nov. 12, 2024 at 1:30 pm at Pinal County Offices (Ironwood Conference Room) at the 1891 County Court House/Administration Building.
  - Notables from the <u>Sept. 30 Board meeting</u> included: approval of an updated 20-year financial forecast by \$60m to \$1.046B and approval of a 2% Public Transportation Element for the RTP.
- 3. Questions or comments?

MEMO TO:	SUN CORRIDOR MPO TECHNICAL ADVISORY COMMITTEE
FROM:	Jason Bottjen, Sun Corridor MPO Deputy Director
DATE:	December 12, 2024
SUBJECT:	10.2 Recommend approval to Advertise the CAG & SCMPO Human Services Transportation Coordination Plan Update for 30-day Public Review and Comment Period

The CAG/SCMPO Human Services Transportation Coordination Plan 2025 requires a 30-day public comment period prior to being finalized. The 30-day public review and comment period is tentatively scheduled for January 23, 2025 through February 22, 2025.

The Central Arizona Governments and Sun Corridor Metropolitan Planning Organization recognize that the transit environment is dynamic and dependent on stakeholder involvement. As a result, CAG and SCMPO reviews and updates the Human Services Transportation Coordination Plan annually in order to capture adjustments. The Plan includes updated regional demographic information as well as the status of new and existing transportation providers serving the transportation dependent and disadvantaged populations of the Region.

The SCMPO staff recommends approval to advertise the CAG/SCMPO Human Services Transportation Coordination Plan 2025 for a 30-day public comment period and submit to the Executive Board for review and approval.

MEMO TO:	SUN CORRIDOR MPO TECHNICAL ADVISORY COMMITTEE
FROM:	Jason Bottjen, Deputy Director
DATE:	December 12, 2024
SUBJECT:	10.3 Recommend approval to advertise the June 2025 Spring Air Quality Conformity project list and Conformity Analysis for 30-day public review and comment period

The 1990 Federal Clean Air Act requires that regional transportation plans and programs be in conformance with all applicable air quality plans. To comply with this requirement, an air quality conformity analysis of the FY2025-2029 Transportation Improvement Program and Regional Transportation Plan 2050 Update needs to be completed.

All Sun Corridor MPO member agencies have been consulted regarding projects to be incorporated into the draft Air Quality project list, including locally and privately funded projects.

The 30-day public review and comment period is tentatively scheduled for April 24, 2025 through May 24, 2025.

Sun Corridor MPO staff recommends approval to advertise the June 2025 Air Quality Conformity project list and Conformity Analysis for a 30-day public review and comment period.

FROM:	Jason Bottjen, Sun Corridor MPO Deputy Director
DATE:	December 12, 2024
SUBJECT:	10.4 Recommended Approval to Advertise the Pinal County Strategic Transportation Safety Plan Update for 30-day Public Review and Comment Period

The Pinal County Strategic Transportation Safety Plan Update requires a 30-day public comment period prior to being finalized. The 30-day public review and comment period is tentatively scheduled for January 16, 2025 through February 15, 2025.

The Sun Corridor MPO is completing the Pinal County Safety Plan/SCMPO Network Screening Crash and Analysis Tools Update that updates the 2019 Pinal County Strategic Transportation Safety Plan. This update addresses the necessary steps and elements, from a regional transportation planning perspective, to reduce the risk of death and serious injury to all transportation users in Pinal County.

The SCMPO staff recommends approval to advertise the Pinal County Strategic Transportation Safety Plan Update for a 30-day public comment period and submit to the Executive Board for review and approval.

SUBJECT:11.0 Recommend Approval of the New Finding of Conformity for<br/>the FY 2023-2027 Sun Corridor MPO Transportation<br/>Improvement Program and the Regional Transportation Plan<br/>2050 Update.

On November 7, 2024, Sun Corridor MPO staff sent out the Consultation on the Conformity Assessment for a Proposed Amendment to the FY 2023-2027 Sun Corridor MPO Transportation Improvement Program (TIP) and Regional Transportation Plan 2050 Update (RTP) for public review. The amendment involves various project changes that requires a new conformity determination on the FY 2023-2027 TIP and Regional Transportation Plan 2050 Update. The project modifications impact the modeling assumptions used in the most recent conformity analysis and a new regional emissions analysis for the Pinal County PM-10 and PM–2.5 nonattainment areas was conducted. The result of the analysis supports a finding that the amendment to the FY 2023-2027 TIP and Regional Transportation Plan 2050 Update meet transportation conformity requirements for PM-10 and PM-2.5 in the Pinal County nonattainment areas.

On December 8, 2024, a 30-day agency and public review period ended on the conformity analysis and proposed amendment to the TIP and Regional Transportation Plan 2050 Update. No public comments were received.

The Sun Corridor MPO staff recommends the approval of the new Finding of Conformity for the proposed amendment to the FY 2023-2027 Sun Corridor MPO Transportation Improvement Program and the Regional Transportation Plan 2050.

		v Finding of Conformity for the FY

A motion to recommend approval of the new Finding of Conformity for the FY 2023-2027 Sun Corridor MPO TIP and the RTP 2050 Update and submit to the Executive Board for review and approval.

# MEMO TO:SCMPO TECHNICAL ADVISORY COMMITTEEFROM:Jason Bottjen, Sun Corridor MPO Deputy DirectorDATE:December 12, 2024SUBJECT:12.0 Recommend approval of Amendment #12 to the FY2023 -<br/>2027 Sun Corridor MPO Transportation Improvement Program<br/>and Regional Transportation Plan 2050 Update, contingent on the<br/>new finding of conformity.

The following amendments and administrative modifications to the FY 2023- 2027 Sun Corridor MPO Transportation Improvement Program (TIP) and to the Regional Transportation Plan 2050 Update (RTP) are being proposed, contingent on the new finding of conformity.

The amendment involves various project changes that requires a new conformity determination on the FY 2023-2027 TIP and Regional Transportation Plan 2050 Update. Project changes are indicated in red on the FY 2023–2027 Sun Corridor MPO Transportation Improvement Program.

The Sun Corridor MPO staff recommends the approval of the amendments and administrative modifications to the FY 2023-2027 Sun Corridor MPO Transportation Improvement Program and as appropriate, to the Regional Transportation Plan 2050 Update, contingent on the new finding of conformity.

MEMO TO:	SUN CORRIDOR MPO TECHNICAL ADVISORY COMMITTEE
FROM:	Jason Bottjen, Sun Corridor MPO Deputy Director
DATE:	December 12, 2024
SUBJECT:	<b>13.0 Nomination and Approval of 2025 Technical Advisory</b> Committee Chair and Vice Chair

Per Section VIII of the Sun Corridor MPO Technical Advisory Committee Bylaws, a Chair and Vice Chair shall be elected on an annual basis from the city and county representatives of the TAC. The Chair and Vice Chair shall serve for one year beginning in January. In addition, the Chair shall serve as the liaison between the TAC and Executive Board. The Vice Chair will serve in the same capacity if the Chair is unavailable to do so.

Per the SCMPO TAC Bylaws:

- A. <u>Chair</u>
- 1. The Chair shall be selected from the city and county representatives by a majority vote of the Committee.
- 2. Elections shall be held in the last expected meeting prior to January of each year, so the Chair shall serve for one year beginning in January.
- 3. The Chair shall preside over all meetings of the Committee and may call such special meetings as may be necessary to conduct the business of the Committee after consultation with staff. A 72-hour notice shall be given to provide sufficient notification to all Committee members.
- 4. The Chair shall act as liaison for the Committee to staff and the SCMPO Executive Board.
  - a. If the Chair should be unable to complete the present term, the Vice-Chair shall automatically succeed as Chair serving the remainder of the term. In this circumstance, the Chair having filled the vacant position may be selected to continue serving as Chair at the next regular election.

# B. Vice-Chair

- 1. The Vice-Chair shall be elected and approved in the same manner as the Chair. The Vice-Chair shall hold all duties, responsibilities, and obligations in the absence of the Chair.
- 2. If the Vice-Chair should be unable to complete the current term, another member of the Committee will be selected to fill the remainder of the term by the same method as the original election.

SCMPO Staff recommends nominations for both the Chair and Vice Chair of the TAC to serve for calendar year 2025 and a motion to approve the nominated TAC members.
